Legal description: Block: _____ Lot: _____ Filing: _____

Unit type (circle one): single-family detached single-family attached (townhome)
single-family paired (duplex) multi-family attached (condo)

PROPOSED QRES IMPROVEMENT(S)

Check all that apply. Improvements must be made to reduce energy consumption. Please submit proof (e.g. invoices, receipts, contracts, loan documents, etc.) of the improvement claimed and use the comments section below to provide any additional explanation, if necessary.

- Insulation in walls, roofs, floors, foundations, and HVAC distribution systems
- Storm windows and doors, multi-glazed windows and doors, heat absorbing or heat reflective glazed and coated window and door systems, additional glazing, reduction in glass area, and other window and door system modifications that reduce energy consumption
- Automatic energy control systems (e.g. smart thermostats, timers, etc.).
- Modifications or replacements of HVAC systems (e.g. high efficiency furnaces and/or air conditioners, hot water heaters, ceiling fans, heat pumps, heat pump hot water heaters)
- Caulking and weatherstripping

- Lighting fixtures that increase the energy efficiency of the lighting system without increasing the overall illumination of the residential building.
- Energy recovery systems
- Daylighting systems
- Solar panels
- Solar thermal system (e.g. solar hot water system)
- Geothermal heating and cooling system
- Other; please describe in the Comments section below
